DF

Sandy,

The meter in question is being paid directly by the POA. I do not have a quote on the breaker box yet, will keep you in the loop when we get it and we now have one light working in the park area.

Danny

Danny or Dirk —

Unless you (Danny) already know where the bill goes from those boxes . . . could one of you please get me the PEC 6-digit # (maybe 7) so I can call and get details on the address? I'd like to know where the bill has been going. Thank you.

Sandy
